About This Program & Who This Program Is For

At Flowcore Capital, we work with business owners who are exploring strategic options — whether that's a full sale, recapitalization, or partnership. Many of our best opportunities come from trusted professionals who already know these owners. The Flowcore Referral Partner Program rewards those introductions with transparent success fees and ongoing collaboration. This program is for attorneys (corporate, M&A, estate planning, etc.), CPAs and wealth advisors, commercial bankers, recruiters, consultants, business brokers, and anyone in contact with business owners who may one day sell.

How It Works

Refer a company by simply introducing the business owner to us via email or phone. Flowcore Capital takes it from there. If the deal closes, you receive a success fee.

Typical Engagements

- Sell-side advisory for companies with \$2M–\$50M+ in annual revenue
- Recapitalizations, partial exits, and strategic growth transactions
- Industry / sector agnostic

Partner Benefits

- Transparent success fee structure
- Access to Flowcore market insights
- Priority introductions when we see cross-referral opportunities
